| Title | Fire Engineering in Macau |
| Description | <p>Speakers: Ir CHU Man CHUN, Charles</p> <p>Ir Charles Chu is currently holding the position of Senior Project Manager for the Galaxy Entertainment Group in Macau. Charles retired from the Hong Kong Fire Services Department as a Chief Fire Officer in 2007 after a 34-year career, during which he had accumulated a wide repertoire of managerial and operational experience and had contributed to the formulation and implementation of fire safety policies and regulations in Hong Kong. He was a Past President of the IFE(HK Branch) and in 2007 he was elected as International President of the Institution, and served as a member of the Board of Directors from 2006 to 2009.</p> <p>He was particularly supportive of the development and recognition of fire engineering and working with engineers sharing the same vision, they successfully established fire engineering as one of the recognized professional disciplines in Hong Kong Institution of Engineers. Charles was appointed Chairman of the HKIE Fire Discipline Advisory Panel and served from 2009 to 2012. He is also a Hon Fellow of the University of Central Lancashire.”</p> <p>Abstract Fire Engineering approach has been widely adopted in Hong Kong and Macau for more than 10 years. In Macau, mega size entertainment resorts in recent years have seen substantial design and engineering effort put in to uphold fire and life safety standard. With extensive knowledge and experience in fire engineering at both SARs, Charles will present the practice in Macau. The comparison between Hong Kong and Macau will create plenty of opportunities for learning and sharing.”</p> |
